Dorney Guides 1972 -

DORNEY GUIDES

Gill Langston started the company in 1972, and her daughter Michaela took over the leadership in 1991. Many local girls have shared and enjoyed new experiences and challenges, several have gained the high honours offered by the organisation, and these photographs are a tribute to them.

A big thankyou is offered to both Gill and Michaela for their devoted service to Guiding during the last twenty-eight years.
